

CLOUDLESS, dust-free SHADOW-FREE

- fast sanding of large surfaces
- minimum storage costs
- grit sizes of 40 to 5000
- no clogging
- available in almost all sizes

Application recommendations for an optimum result

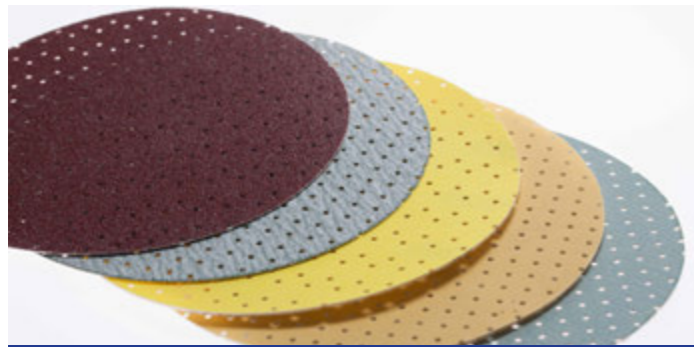

The following table will help you to achieve fast, cloud, shadow and dust-free sanding of solid surface material. The required sanding steps can vary according to the different manufacturers of solid surface material – and especially in color shades.

White and flecked colors are easier to process, whereas black requires a lot more work.

	MATT	SILK-MATT	HIGH-GLOSS
useit®-Superpad P 80, 120, 150 oder 180	If necessary, sand out scratches and other defects		
useit®-Superpad P 220	x	x	x
useit®-Superpad P 320			x*
useit®-Superpad P 400	x		x*
useit®-Superfinishing -Pad SG 600		x	x
useit®-Superfinishing -Pad SG 1500			x
useit®-Superfinishing -Pad SG 1800			x
useit®-Superfinishing -Pad SG 2500			x

*x= with difficult colors

Thoroughly remove residual dust from the surfaces with the useit®-dust pad.

useit®-multihole Superpad P (P40-P800)
Abrafilm (40-3000)

useit®-Superfinishing-Pad SG240-1500
SG2 800-5000

Sanding of curves

Big Boy Junior & Big Boy

The **Big Boy & Big Boy Junior** are ideal for the sanding of large and small surfaces, ranging from coarse to fine and high-gloss surfaces.

Technical Data	Big Boy	Big Boy Junior
Power consumption:	1500 Watt	350 Watt
Motor speed:	2800	2800
Sanding area:	335 x 485 mm	190 x 340 mm
Supply voltage:	230 V	230 V
Network voltage frequency:	50 Hz	50 Hz
Sanding stroke:	7 mm	5 mm
Tube connection:	27 mm	27 mm
Weight:	22 kg	10 kg
Weight Version II:		18 kg

P1 dust-free sanding system Max & Moritz

The P1 dust-free sanding system gives you perfect sanding of edges, fast and precise surface grinding of glue lines and makes the sanding of chamfered edges simple.

Technical Data	Max	Moritz
Power consumption:	1200 Watt	1200 Watt
Motor speed:	600-2800	800-3600
Weight:	2,9 kg	2,1 kg
Spindle thread:	M14	M14
Suitable for plate sizes:	136 mm 156 mm 210 mm	136 mm 156 mm
