

Innovative design for  
excellent sanding results

# useit<sup>®</sup>-net

## NOVELTY FROM JÖST

- suitable for all machine types
- grits P80 up to P220
- optimum surface quality
- cooler sanding
- available in almost all sizes and dimensions

The Jöst **useit<sup>®</sup>-net** fits on all machines available on the market and is therefore universally applicable. Work can be done quickly, safely and dust-free. Clogging of the pads is prevented thanks to the innovative design and the sanding performance compared to conventional sanding pads is increased many times over.

**Abrasive grain:**  
**Aluminium oxide**

**JÖST**  
abrasives
