

POWERFUL, EFFICIENT, RELIABLE

Big Boy *junior*

...THE COMPACT CLASS

FOR PERFECT
SURFACES

Big Boy Junior

The Big Boy Junior orbital sander is especially suitable for the sanding of large and smaller surfaces. Thanks to its smaller sanding surface and reduced weight, it enables fast and efficient sanding, cleaning and polishing. Like its big brother, it offers the full processing spectrum, from coarse sanding and polishing to the cleaning of almost any surface.

In combination with the useit®-abrasives, its innovative suction system gives you fast, cost-saving and dust-free sanding. We offer a wide range of innovative sanding and cleaning pads for the sanding of various materials such as solid surface materials, woods, lacquers, stainless steel, NF metals, hard flooring, parquet and laminate floors. And the newly-developed and patented Abranopp® pads clean even structured floor coverings easily and effortlessly.

Technical Data

Power consumption:	350 Watt
Speed:	2800 min ⁻¹
Sanding surface:	180 x 330 mm
Supply voltage:	230 V
Network voltage frequency:	50 Hz
Weight:	13 kg
Sanding stroke:	5 mm
