C = Cleaning

BC = Basic Cleaning

S = Sanding

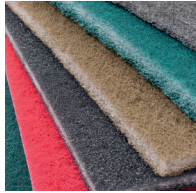

D = Decoat

P = Polishing

Always test on an inconspicuous area in advance. No liability is assumed for damage caused by improper use. Please get in contact with us whenever you need more information or if you have any questions.

APPLICATION EXAMPLES

Jöst sanding and cleaning pads

Abraflex® Superpads

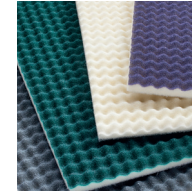

The high grit content and even application enable faster cleaning results and a much longer service life.

Wimbledon lawn pad

The bristles are extremely tough yet flexible, making them ideal for cleaning structured surfaces – and even giving a new shine to the deeper-lying joints.

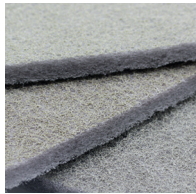

Abranopp® cleaning pads

The patented nub design works thoroughly around each nub and thus also removes the classic edge build-up in deep areas.

Cleaning with chemicals up to max. PH 10

Jöst Diamond® pads

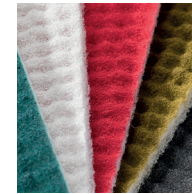

The high-quality Jöst Diamond® pads from levels 1 to 8 offer users an all-round solution for professional floor restoration and maintenance. Your floors will be refinished, cleaned and polished exactly in accordance with your wishes.

Abraflex® Maroon pads

The Abraflex® Maroon Pad is the chemical-free solution for the partial or complete removal of floor coatings. It's robust and can be used both wet and dry.

AbraflexNopp®

This patented, robust pad even penetrates into the deep zones of structured surface coverings and gives you a truly thorough and deep cleaning of all hard coverings. **Chemical resistant**

Microfiber pads

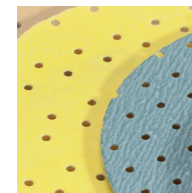

The blue/melange pad is ideal for carpets and coarse dirt on various surfaces, while the gray pad is perfect for textured surfaces and safety tiles.

Melamine cleaning pads

Thanks to the eraser effect, all stubborn dirt on smooth and hard surfaces can be cleaned with just water - without chemicals.

useit® Superpad P yellow / useit® Abrafilm®

The Superpad P Yellow is ideal for parquet floors and wood applications, while the useit® Abrafilm® is perfect for working on hard coatings, scratch-resistant lacquer systems and for removing epoxy resin contamination and PU coatings.
